EuroMulti Mini 400 security units are designed to provide an increased cash security during working hours. They provide tested physical and psychological protection. Affordable price enables using them for each cashier. It provides different philosophy of security than expensive and heavy safes.

EuroMulti Mini units consist of two main parts – steel box and drawer modules. The front panels of drawers are reinforced with 6 mm thick steel sheets. There are two different models of EuroMulti Mini 400 according to different types of drawer modules.

Operating of EuroMulti Mini is compatible with EuroMulti and EuroMulti Midi.

### Versions

There is a possibility to order EuroMulti Mini Simple. Mechanical part of units is just the same operating as like EuroMulti Simple – by buttons.
